## Braille 5.1 SRD Press Kit

July 2, 2024

# Braille 5.1 SRD & Tutorials

We're committed to creating a more inclusive gaming experience for everyone. We're proud to announce the release of the **first-ever braille conversion of the 5th Edition System Reference Document (SRD)**, making the rules of 5th edition accessible to a wider audience of players and creators.

## Features:

- **Free and downloadable:** Available in BRF and BBZ formats for various braille needs.
- **Comprehensive:** Includes Player's Guide, Game Master Guide, Monster Manual, and Spellcasting Guide content.
- **Open access:** Released under a CC-BY license for anyone to freely use and adapt.
- **Tutorial included:** Equips publishers and homebrew creators with the tools to convert their own content into braille using free software.

This initiative marks a significant step towards a more inclusive TTRPG space. We're actively working on further accessibility resources and tools, including upcoming tutorials and future plans for truly inclusive core rulebooks.

## Small Miniatures, Big Impact: Disabled Dungeons and Dragons Miniatures Now Available

July 2, 2024

I keep seeing headlines like, “(Some name) becomes first

Black/Latino/etc. (some respected position),” and every time, I think, “Wow, **what year is it** that this is the first time?” But besides women, disabled people are the largest marginalized demographic in the world. Their “firsts” are still rare. For most of those same positions, “**...becomes first disabled...**” **hasn’t happened yet.**

But we tabletop gamers live in worlds filled with [minotaurs](#) and [merfolk](#), [halflings](#) and [centaurs](#), so we of all people should have no problem imagining people with diverse abilities in every segment of society. And yet **we encounter fewer disabled people anywhere in TTRPG worlds than in executive real-world positions.**

**We want this year to be “that year”** in every TTRPG world where that representation isn’t happening yet, and we want to help you make that happen. To that end, we [developed the largest, most diverse collection of disabled fantasy minis ever made](#), [now available as downloadable STLs or printed miniatures](#).

## Fighting ableism with stat blocks

Disability representation in tabletop roleplaying games (TTRPGs) fosters inclusive gaming environments. It creates a diverse and welcoming experience. Disabled miniatures enhance the overall storytelling and offer a more authentic and empathetic gaming experience. By incorporating disabled miniatures, RPGs acknowledge and validate the experiences of individuals with disabilities, promoting inclusivity and breaking down barriers. Players with disabilities can recognize themselves reflected in the game, communicating belonging and empowerment.

*I never see my condition represented in **any** media, and now, I’m in D&D!*

*A Limitless Heroics backer*

Diverse miniatures featuring representative characters also broaden the narrative possibilities within TTRPGs. They allow players to explore different perspectives, experiences, and challenges that disabled characters may face. This not only enhances storytelling but also encourages empathy and understanding among players. This representation promotes dialogue, encourages education, and contributes to a culture of acceptance and respect.

## Accessible Conditions

Most TTRPG content is still only available in paper or PDF, two of the least accessible formats for blind and low-vision players, especially watermarked PDF, which screen readers can't access, and PDF without image alt text, which is common due to **all layout software except Adobe InDesign refuses to include image alt text capability**. For miniatures, condition rings may be color-coded or use embossed text, which gives the same accessibility issues.

So we offer plain text versions of our products and audio and ePub for most, plus [the Lair](#), our online compendium that's accessible to browser tools and screen readers and offers the most affordable option to access all of our content.

# What the New Barbie With Down Syndrome Can Teach Us About Inclusivity in TTRPGs

July 2, 2024

## The new Barbie with Down syndrome and her impact

Mattel, the toy company behind Barbie, recently announced a [new doll in their Barbie line with Down syndrome](#), added to a line that includes [dolls with wheelchairs](#) and [one with a hearing aid](#).

As we see this gradual shift in representation in toys, we normalize disabilities in the lives of children. That way, we transform a “plastic” toy into a subtle tool to normalize people with disabilities in their lives, preventing othering and expanding their awareness and acceptance.

This new doll allows children with Down syndrome to play with toys that look like them and represent their experience, just as toys have added more racial and cultural representation in recent decades.

But this toy is for other kids, too, so the fantasy worlds they create in their pretend play includes disabled people as much as

any others. And the more we get accurate and respectful portrayals in multiple forms of media, the more understanding, empathy, and acceptance will be mirrored in children's play and their subsequent real-world interactions and relationships.

I've seen this impact in my own children. Because my work and passion lead to many conversations at home about disabilities and inclusion, and they love the service animals in [Limitless Heroics](#), when we met a student at their school with a service dog, they reacted as they would to someone's cool new backpack—they thought it was cool but not strange. When they encounter people in their lives with disabilities, they notice the differences and are sensitive to them, but they don't think of them as "those people." They are "my friends."

## What can we learn from Barbie about inclusivity in TTRPGs?

- How can featuring characters with disabilities, such as Down syndrome, in a respectful and dignified manner enhance inclusivity in TTRPGs?
- What steps can game developers take to accurately reflect people with disabilities in stories and characters in TTRPGs?
- How can TTRPG players create diverse and inclusive gaming environments that accommodate everyone, including those with disabilities?
- How can we better listen to and consider feedback from players with disabilities in order to ensure inclusivity in all aspects of the game?

By learning from Barbie and paying attention to the importance of including diverse and accurate representations of disabilities, we can help create and foster more inclusive and respectful TTRPG communities.

:

- Creating characters with disabilities that are complex and multi-dimensional.
- Making sure characters' disabilities do not define them and limit them in any negative way.
- Ongoing conversations with willing players who have disabilities to help shape that representation in game rules and worldbuilding.
- Consider what accessibility looks like in your game world.
- Making sure players with disabilities have the resources and support they need, both physical and social.
- Considering how any special features, skills, equipment, or backstory related to a character's disability impacts both the game and the players.
- Use [artwork](#), props, and [miniatures with disability representation](#).

## What does a better future look like?

"You're playing D&D? Who's winning?" Has anyone ever asked you that? TTRPGs are uniquely cooperative. Properly played, everyone wins, because the success is more than loot or levels—it's a welcoming environment and enjoyment for everyone. So imagine

this box text describing the real world:

*As you enter the room, you see a diverse group of adventurers gathered around a table, each with their own unique character sheets. One player, with a character that has a physical disability, shares their backstory with the group. The other players listen attentively and ask questions to better understand the character's experience.*

*As they start to create their characters, the players encourage each other to consider incorporating diverse backgrounds and experiences. They work together to ensure that each character is balanced and equal in strength and credibility, regardless of any disabilities they may have.*

*As the quest unfolds, the players encounter a wide variety of NPCs, and some have disabilities as part of their larger descriptions and interactions.*

*Throughout their game, the players celebrate each other's successes and work together to create solutions that benefit everyone. They make sure that all players, including those with disabilities, feel included and supported both in and out of the game.*

*As you watch, you realize that this group of adventurers has truly embraced the importance of inclusivity and diversity in TTRPGs. They have created a safe and welcoming environment where everyone can enjoy their adventures together.*
