Wondrous Item, rare

This gold headband, set all around with agates, enables you to see in all directions at once, regardless which direction your eyes point. This gives advantage on all Wisdom (Perception) saving throws but limits depth perception, giving disadvantage on hit on all ranged attack rolls. If you use your action to Dash while wearing this, you must succeed on a DC 12 Constitution saving throw or take [Dizziness](#) (IE 1, cumulative), until you remove the headband and spend 1 round per IE prone or take a short rest.
