Nose Difference

July 20, 2022

| d100 | Difference |
|--------|-------------------|
| 1–15 | Bulbous |
| 16–26 | Enlarged |
| 27–34 | Elongated |
| 35–39 | Hanging |
| 40–49 | Hooked |
| 50–54 | Inverted nostrils |
| 55–67 | Fissures |
| 68–75 | Porcine |
| 76–85 | Recessed |
| 86–100 | Warped |

You have a nose that's outside of the expected range of shapes for your ancestry. This gives you +(IE) to Dexterity (Sleight of Hand) checks but -(IE) to Charisma (Persuasion) checks with people who don't know you due to many people's discomfort around those with unexpected appearances.

Real-world Examples

Rhinophyma, Deviated Septum, Rosacea, Wegener's Granulomatosis, Sarcoidosis, Relapsing Polychondritis

Assistive Options

The character can wear a helmet or other face covering to conceal the difference, but note that people in some cultures may tend to be less trusting of those with covered faces, giving disadvantage on Charisma (Persuasion) checks.

Magical Assistance

The <u>Seeming</u> spell can alter a person's appearance to mask this and other cosmetic differences.
